Magyar Posta is marking the 4th International Pharmaceutical Research Conference, which will be held at the Hungarian Academy of Sciences, Budapest, between 19 and 21 May 2014, by issuing a commemorative sheet. The emblem of the conference appears in the perforate picture of the parafilatelic novelty, while the building of the Hungarian Academy of Sciences is depicted in the frame. The souvenir sheet was designed by Balázs Baksa, and produced by the printing company ANY Security Printing House. The souvenir sheet is available at selected post offices and Filaposta in Hungary from 19 May, but may also be purchased from Magyar Posta’s online store.

This year marks the fifth jubilee edition of this renowned professional forum unique in Europe (held at national level in 2001, and at international level in 2006, 2010, 2012 and 2014). The event provides an opportunity for the participants to meet leading scientists of original and generic pharmaceutical research from all over the world. The comprehensive presentations of prominent professionals will highlight different types of studies in the fields of bioequivalence, bioanalytics, in vitro dissolution, pharmaceutical technologies, drug interaction, biotechnology and biosimilarity, revealing the new opportunities and requirements, with a special focus on the regulatory aspects.
